

Prayer Pumpkins!

Your word is a lamp for my feet, a light on my path.

(Psalm 119:105)

You will need: a piece of A4 orange paper or orange felt tips/pencils,
2 brass brads.

- 1) Print the following A4 prayer sheet onto orange paper or decorate the strips in orange. Fold the orange paper in half, then half again and then thirds (so that each prayer is on one row).
- 2) Cut along each fold to get 12 strips.
- 3) Write a prayer of your own on the blank strips if you wish.
- 4) Cut out a leaf (see below) and punch a hole through it (or ask an adult to use a skewer to make a hole).
- 4) Punch a hole in each end of all the paper strips.
- 5) Stack them all one on top of the other.
- 6) Put a brass brad through all of the holes on one end and put another brass brad through all of the holes on the other end with the leaf.
- 7) Make a "U" shape with all of the paper strips and fan them out to make a ball.

Help us to be kind.

Help us to shine our light.

Help us to think of others.

Thank you, God, that you care.

Thank you for our friends.

Thank you for all that we have.
